Date of next review: 31st January 2022

Name of author: Danielle Mills

This policy relates to the following documents and policies:

- Health and safety

1. Statement of Policy

This Environmental Policy provides a framework for the effective management of energy at Pony Partnerships CIC, demonstrating the Company's strong, long term commitment to reduction in energy consumption and wastage in all its activities.

The policy takes into account all existing regulatory frameworks, Future Directions CIC policies and advice on best practice.

2. Energy Goals

Pony Partnerships CIC has set a number of energy goals, to be achieved over several years. So far as is reasonably practical, Pony Partnerships will aim to achieve the following goals:-

Goal 1 Minimise energy and water consumption through energy efficient practices. Pony Partnerships CIC will use environmentally safe and sustainable energy resources to meet its needs, and will invest in improved energy efficiency of the products it uses. Pony Partnerships

CIC will dispose of all waste through safe and responsible methods.

- Recycling bin
- Use of water butts for recycling water
- Insulate buildings to reduce energy loss

Goal 2 Practise sustainable farming techniques

- Worm farming for disposal of horse manure and organic waste
- Minimise use of glyosphate weed killers
- Planting native species of hedgerow
- Encourage bees with wild flowers

3. Responsibilities

The Directors have responsibility for the implementation of the Environmental Policy.
